<p>Musician</p>	<p>Stormzy</p> 	<p>Andrew Lloyd Webber</p> 	<p>Vivaldi</p> 	<p>Nathan Evans</p> 	<p>Joanna Mangona & Pete Readman</p>  	<p>Álvaro Hernández Ortiz</p> 
<p>Unit Outcome</p>	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. Identify Grime's origins and key features. Use music technology to create a complete track, layering drum sounds, synths, and vocals, and apply terms like tempo during the final mixing process. 	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. Perform songs in school assemblies, school performance opportunities and to a wider audience. 2. Develop listening skills, balance between parts and vocal independence by 	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. To analyse and compare two contrasting musical interpretations of “Spring”, relating the differences to the theme of climate change. 	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. Plan and compose 8 bars of music that demonstrate melodic and rhythmic interest, using creative musical ideas inspired by a historical or narrative context. 	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. To create and arrange a remix of a song by layering original instrumental parts (drumbeats, basslines, melodies) with manipulated loops 	<p>By the end of this unit, children will be able to:</p> <ol style="list-style-type: none"> 1. Sing a repertoire of songs, including syncopated and partner songs, with appropriate style, phrasing, and expression. 2. Perform confidently as part of an ensemble, integrating solo lines, rounds, or

	<p>2. Make independent creative decisions to develop original musical ideas. Build confidence by presenting the final track and reflecting on the creative choices made.</p>	<p>experimenting with where children stand.</p>	<p>2. To compose an original soundscape using digital software by arranging loops, incorporating new sounds, and applying mixing techniques and effects.</p>	<p>2. Notate and perform your composition, applying dynamic contrasts, ensemble awareness, and expressive techniques to communicate the intended musical character.</p>	<p>using music technology.</p> <p>2. To listen critically to music in order to make informed creative decisions, and to evaluate the creative process and the final outcome of your own and others' work.</p>	<p>instrumental accompaniments.</p>
<p>Knowledge</p>	<p>Lesson 1 – I know how to apply and use rhythm learning to grime music.</p> <p>Lesson 2 - I know that grime music is a style of music that started in the UK. I know grime music usually has a tempo of 140bpm, faster than most rap.</p> <p>Lesson 3 - I can identify the beat and the vocal style, the instruments used and the units of repetition.</p> <p>Lesson 4 – I know what a baseline is. I know the C minor key. I know strong beats are needed for punchy rhythms.</p>	<p>Lesson 1 – I know how to apply and use rhythm learning to musical theatre.</p> <p>Lesson 2 – I know that high-quality unison singing is created by blending voices. I know that standing or sitting in various stage positions while performing helps everyone to learn to listen and blend their voices.</p> <p>Lesson 3 – I know the importance of verse-chorus contrasts in vocal performances.</p> <p>Lesson 4 – The importance of character</p>	<p>Lesson 1 – – I know how to apply and use rhythm learning to Baroque/opera music.</p> <p>Lesson 2 – I know how to link real life situations to the story and mood of the music.</p> <p>Lesson 3 – I know how to explore pitch, note length, and volume, adjusting their tracks to create balanced and expressive soundscapes.</p> <p>Lesson 4 – I know that original audio</p>	<p>Lesson 1 – – I know how to apply and use rhythm learning to country music.</p> <p>Lesson 2 - I know how to practise choruses through speaking and singing, developing timing, rhythm, and ensemble coordination.</p> <p>Lesson 3 – I know how to develop the remaining bars of musical sketches, adding expressive dynamics and experimenting with timbre and instrumentation.</p>	<p>Lesson 1 – – I know how to apply and use rhythm learning to pop music.</p> <p>Lesson 2 – I know how to add simple melodies via the piano roll, experimenting with pitch, rhythm, and harmony.</p> <p>Lesson 3 - I know how to extend their remixes by exploring loops, repeating patterns, and adding vocal or instrumental loops, developing control over</p>	<p>Lesson 1 – – I know how to apply and use rhythm learning to traditional Mexican folk music.</p> <p>Lesson 2 - I know the importance of learning the chorus and selected verses, practising speaking and singing to develop timing, rhythm, and expressive delivery.</p> <p>Lesson 3 – I know to give attention to rhythm, phrasing, and style in combination with vocal and instrumental parts.</p> <p>Lesson 4 – I know how to create ensemble</p>

	<p>I know how to refine drum patterns and baseline movement. I know how to structure my composition.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to grime music.</p>	<p>and narrative interpretation, as well as practising simultaneous songs in various stage positions.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to musical theatre.</p>	<p>recordings are incorporated, and effects are added to enhance musical texture.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to Baroque/opera music.</p>	<p>Lesson 4 – I know that compositions are played on instruments, exploring chords, melody, and ensemble balance.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to country music.</p>	<p>structure and texture.</p> <p>Lesson 4 – I know how to experiment with arrangement, sequencing, and instrument selection, using volume sliders to balance tracks and create dynamic contrast.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to pop music.</p>	<p>cohesion, and expressive delivery.</p> <p>Lesson 5 – I know how to apply and use pitch and notation learning to traditional Mexican folk music.</p>
<p>Skills</p>	<p>Lesson 1 – I can apply and use rhythm learning to grime music.</p> <p>Lesson 2 - I can listen to and appraise grime music using given vocabulary (tempo, rhythms, patterns and textures). I can layer drum sounds to build a beat and create texture.</p> <p>Lesson 3 – I can compare and contrast music</p>	<p>Lesson 1 – I can apply and use rhythm learning to musical theatre.</p> <p>Lesson 2 – I can give examples of how a performance can be improved by how and where we stand on the stage.</p> <p>Lesson 3 - I am confident in performing parts in two or more parts.</p>	<p>Lesson 1 – I can apply and use rhythm learning to Baroque/opera music.</p> <p>Lesson 2 - I can listen to different pieces of music and discuss how they represent a theme like climate change. I can use digital software (YuStudio) to arrange musical loops and samples to begin creating a composition.</p>	<p>Lesson 1 – I can apply and use rhythm learning to country music.</p> <p>Lesson 2 – I can listen to music and identify its melodic, rhythmic, and dynamic features.</p> <p>Lesson 3 – I can create short musical sketches.</p> <p>Lesson 4 - I can notate my musical ideas clearly to share with others.</p> <p>Lesson 5 - I can apply and use pitch and</p>	<p>Lesson 1 – I can apply and use rhythm learning to pop music.</p> <p>Lesson 2 – I can create my own drumbeat, bassline, and melody to build a track.</p> <p>Lesson 3 - I can select, add, and remix loops from the original song to use in my own work.</p> <p>Lesson 4 - I can arrange the</p>	<p>Lesson 1 – I can apply and use rhythm learning to traditional Mexican folk music.</p> <p>Lesson 2 - I can listen carefully to music from different cultures, understand its story and style, and learn to sing verses and choruses with good timing, rhythm, and expression.</p> <p>Lesson 3 - I can create and perform my own musical ideas by experimenting with</p>

	<p>within the genre of grime.</p> <p>Lesson 4 – I can create a baseline in C minor using technology. I can change rhythm syllables to simplify or add interest to my existing pattern.</p> <p>Lesson 5 - I can apply and use pitch and notation learning to grime music.</p>	<p>Lesson 4 - I can demonstrate how to walk onto and off the stage, as well as respond to the audience.</p> <p>Lesson 5 - I can apply and use pitch and notation learning to musical theatre.</p>	<p>Lesson 3 - I can add my own ideas to a musical piece by selecting sounds, recording audio, and changing the pitch and dynamics.</p> <p>Lesson 4 - I can experiment with and apply special effects (FX) to enhance and complete my digital soundscape. I can complete, save, and share my finished digital music composition with others.</p> <p>Lesson 5 - I can apply and use pitch and notation learning to Baroque/opera music.</p>	<p>notation learning to country music.</p>	<p>different parts and layers of my track to create a complete song structure.</p> <p>Lesson 5 - I can apply and use pitch and notation learning to pop music.</p>	<p>lyrics, vocal or instrumental parts, call-and-response, choreography, and ensemble skills while working confidently with others.</p> <p>Lesson 4 - I can rehearse and perform songs with accuracy and expression, taking on different roles, giving and receiving feedback, and reflecting on how to improve our final performance.</p> <p>Lesson 5 - I can apply and use pitch and notation learning to traditional Mexican folk music.</p>
<p>Perform and Share</p>	<p>Consider who you might perform to, when and how? Add into here.</p>	<p>Start the performance with a dress rehearsal to iron out any confusion. When you are ready, perform your chosen songs and record the performance.</p>	<p>Present compositions to peers, giving and receiving feedback; discuss performance considerations such as audience presence.</p>	<p>Listen to each piece. After listening to each piece, invite the class to offer constructive feedback and demonstrate how to use it to celebrate strengths and make improvements.</p>	<p>Present completed remixes to the class or a wider audience, discussing performance choices. Give and receive peer feedback, evaluating rhythm, dynamics, texture, and creativity.</p>	<p>Celebrate achievements, documenting progress and reinforcing musical understanding, creativity, and ensemble skills.</p>

Resources		Interactive whiteboard	Headphones	Tuned instruments Simple percussion for pulse exercises	Beatmaker	
Assessment	<p>Most children will know the pulse, rhythm, pitch, tempo, dynamics, texture and structure work together to make a song sound interesting, and be able to keep the internal pulse.</p> <p>Others will take on a musical leadership, creating musical ideas for the group to copy or respond to.</p>					
Year 6 Progression						
Singing	<p>Sing songs with syncopated rhythms. Sing as part of a choir, with a sense of ensemble and performance. Observe rhythm, phrasing, accurate pitching and appropriate style. Experiment with positioning singers. Perform in school and to a wider audience.</p>					

Playing Instruments	Play tuned percussion, classroom and whole-class instruments (if appropriate) using major and minor scales and chord progressions.
Listening	Further develop students' knowledge and understanding of the music they are listening to.
Creating	<p>Extend improvised melodies beyond 8 beats.</p> <p>Develop improvisation skills to create music with multiple sections that include repetition and contrast.</p> <p>Use chord changes as part of an improvised sequence.</p>
Music Technology	<p>Use the Music Notepad tool to plan, compose, notate, and play melodic phrases that incorporate rhythmic variety and interest.</p> <p>Use YuStudio to create and produce music with multiple sections, and be able to explain how musical contrasts are achieved.</p> <p>Use YuStudio to remix real instrument loops.</p>
Musicianship or Performing and Notation	<p>Confidently read and perform from notation, identifying note names and duration.</p> <p>Play melodies, making decisions about dynamic range.</p> <p>Engage with others through ensemble playing, taking on melody or accompaniment roles.</p> <p>Understand the difference between semibreves, minims, crotchets, quavers and semiquavers, and their equivalent rests.</p>
